I just spoke with John and the meeting will be delayed til 7/16. I indicated that we might want to notify the community and schedule the facility so as to indicate we are still working on the issues and maybe relieve some of the pressure that the Gov may be feeling as a result of the WYOGCC personnel change. He agreed to think about that. I think it will likely be more than a couple hour meeting for all fo the working groups.

**Subject:** Pavillion work group meeting next week

I am available to attend a meeting next week. However, depending on the nature of the workgroup meeting (if we are going to be discussing pits or gas well construction) we need to have Rob Parker and Dom DiGiulio attend also. Please let me know as soon as possible if you hear back from Mr. Corra on this meeting.
